

SW MANANYA
Aka: ANNIE

Annie is not your speed horse or a front-runner; she is a steady Eddie. Always finishes and usually one of the last ones in, which means she needs to do a lot more rides to place in year end awards.

We started in 2000 when she was 5 doing distance rides with LD's.

In 2003 we were able to win Rookie of the year for endurance, all long slow miles (thanks to a dear friend who stayed out there with us).

2004 she passed her 1000 miles marker.
