

W.P. Dalistar (Dalis) started out competitive in 1994. He performed well for many years in competitive and in 2000 he received his 1000 mile award. We started endurance and received Rookie of the Year in 2001 and in 2003 he received his 2000 mile award.

He was quite a handful that first year in 1994 but after 10 years, 2000 miles, and 21 years of age he has settled down and is my most dependable horse.

We are currently working on 3000 miles slowly but surely.
