

Fourmiles Palouse

Fourmiles Palouse is a foundation-bred Appaloosa. In achieving his 1000 mile award, he has had a variety of riders. Everyone agrees, that he has a great disposition & gaits. He has the "Indian Shuffle", a gait common to the Appaloosa, that is a delight to ride. Palouse has been a dependable, solid horse going down the trail. But he can be a mischief-maker. He seems to take pleasure in throwing his empty feed pan out to any passers-by and removing his and all his trailer-mates' halters. We are looking forward to many more miles and years on the trail with Palouse.
