

SHORT STACK 9 YRS  
ANGLO/ARAB 15 HANDS  
OWNER : KAY HANSON WALSH

I bought Short Stack from Jan Worthington and Grace Ramsey when she was 3 yrs. old. She was born and raised on their ranch. I first saw her on a video and liked her trot. When I went to see her I knew she was the horse for me . She had never been ridden or seen the inside of a trailer, but she trailered beautifully and riding her has been exciting, challenging and rewarding.

Short Stack is a competitor, which sometimes can be a challenge to say the least. However, she has always been sound and eager to go down the trail. We have put many miles on alone as there is no one to condition with where I live. Being alone on the conditioning trail has made us aware of each others needs and actions . We learned to trust each other.

We did competitive for a couple years, then on to endurance. Short Stack has had two Best Conditions , which were thrilling moments..

We did our first 100 miler in 1999. It was great. She just kept her magnificent trot from begin to end. It was very emotional coming into camp guided by the full moon, the flicker of fire flies and the hoot of owls. I hope to be with my buddy for years to come.

THANKS SHORT STACKS
