Sandi Thomas

Dude was foaled in May of 1975 in Horicon, Wi. His dam, TP'S Well Witcher was an Anglo-Arab mare I used for game events. She was 16 yrs old when I bought her out of a killer pen. She appealed to me because she was spunky, handy and sound.

In 1974 Mike and I decided to raise an Appaloosa foal from Witch. We bred her to a son of Chic Appeal. Chic Appeal was the leading money earner for Appaloosa race horses in 1964.

Dude has been true to his breeding. He's got spunk and he's stayed sound all these years, qualities that a distance horse needs to be a success. He's also done very well on the trail as he has placed in over 3/4 of his completed miles. He set this record while carrying seven different riders down the trail

His year end achievements have been admirable.

At Neilsvelle he taught Mary Mott that big scary hills aren't so bad on a seasoned trail horse and he carried Linda Schaus to her first competitive ribbon at Last Ditch.

Dude's been a great competitor for many riders and we are looking forward to completing many more miles.
