

August 2016

UPPER MIDWEST ENDURANCE AND COMPETITIVE RIDES ASSOCIATION

Happy Summer!

The weather has been super rainy in some areas, and I'm happy to see that most of the temperatures have stayed in the reasonable range for riding. Sadly the summer is going fast and fall will be upon us before we know it, and there is still plenty of ride season left. With that in mind I want to remind you about entry forms.

This month we are repeating an article written by Art Priesz Jr, UMECRA's legal advisor and Elinore Tonsor, ride manager and ride secretary for a number of UMECRA rides. Please read or re-read this article.

I would like to draw attention to the portion about Juniors - those under 18 - their parent/legal guardian and their sponsor. Parents/Guardians YOU NEED to sign the entry form for the child/junior rider(s) in your household. Do not let your child out the door if they are traveling with someone else to compete in a ride without your signature on the ride entry form. Better yet, pre-enters the ride about 2 weeks ahead! Sign the form, put it in the mail - no need for a check in most cases - but read the ride flyer for confirmation.

If a parent or guardian does not sign the form, the ride manager has every right to DENY entry to that ride! In the past, there has been witness to a junior who has signed their parent's name to the entry. Insurance companies expect that UMECRA's entry forms will be valid. A ride manager has every right to protect their liability, property and other landowners where a ride is held. If ride management feels that a junior is submitting a entry form with a false signature from a parent/guardian or sponsor they can disallow starting the ride.

Juniors please make sure you are ready for your ride! That includes not only making sure you have your horse, saddle, helmet and feed, but also a signature from your parent or guardian on your entry form.

Juniors and all participants, it doesn't hurt to keep a completed entry form tucked away somewhere with a Coggins copy (glove box, folder, brush bucket, crew bag) so that you are able to properly enter an endurance or competitive ride.

Thank you all for your cooperation in this matter!

Theresa Meyer, UMECRA President

Make sure your email address for UMECRA is correct. Every month, we get bounces from 20+ people whose email addresses are no longer valid. It is your responsibility to ensure your email address is correct. Not receiving email messages from

The Responsibilities Regarding Junior Entries at UMECRA Events. (A Collaboration by Elinore Tonsore & a Very Old Name... Art. W. Priesz, Jr., Esq.)

UMECRA is currently blessed by a jump in Junior entries in its events. There was time when those numbers were commonplace and watching Juniors play touch/tackle football or toss frisbees or simply chase after each other after taking care of horses and before dinner was part of the family experience and entertainment. Even AFTER many of them rode 50 miles Saturday. But in today's world, that blessing does require that all of us, Ride Managers, Ride Secretaries,

parents, sponsors, mentors, the Juniors themselves, and UMECRA as an organization review their responsibilities. Several years ago, we discussed the basic issues together as Elinore was secretarying more rides and Art had been available as a resource regarding legal issues over the years to the Board. So, at this point it seems timely to review those issues for everyone:

Juniors are "juniors", meaning they are minors and do not have the ability or status to enter and ride unsupervised or without a sponsor until they reach a certain age &/or experience level. They are on 800-1,000 lb. prey animals for whom they must rate, protect and manage over sometimes difficult terrain, circumstances and often under stress. They have an obligation to their horses and to others on or around trail, and we have an obligation to them.

As a result, there are specific rules through the UMECRA, the AERC (and even the FEI) regarding how to provide those safeguards and when those Juniors "graduate" to Senior rider status and responsibility.

So, everyone should actually take the time to read those rules, and in UMECRA the Junior rules differ slightly between Endurance and Competitive events.

That brings us to the most basic issue, the ENTRY FORM for JUNIORS.

The Entry requires signatures, from the Junior, from their parent or legal guardian and from their proposed sponsor (a sponsor approved by the parent/s). Those signatures should be original signatures, or if on pre-printed forms they can be initialed and dated the week of the event to show the permission is current.

Forms need to be completely filled out, by the rider or parent and/or sponsor. Rides used to require health insurance information and available phone numbers for parent/s and legal guardians, and that is still a wise practice. For many Ride Managers and for others helping, like Elinore and many more, the practice regarding Juniors should be reasonable and lean toward preparing for the worst in order to realize the best result.

Take steps to be sure the Junior's parent/s or legal guardian know what's going on (informed consent);

Formality helps the Junior not take their responsibility lightly;
 Protect the Ride, Ride Manager, UMECRA and bystanders from unnecessary risks by demonstrating we take the responsibility of letting a Junior out on trail on top of an animal 8-12 times their mass seriously.

So, to review:

At each ride, Juniors need to present:
 A fully completed and fully executed Entry Form, with original signatures or original initials endorsing photocopied signatures (blue is best). And, in best practices, immediate and available contact cell numbers for those parent/s and/or legal guardian.

Health insurance information (which could be simply photocopied to the back of the entry). Ride managers, even those sponsored by DRAW and MnDRA, are accepting a huge responsibility in managing a ride. If a minor has entered wrongfully, the potential liability is multiplied for everyone concerned. Worse, the risk of a permanent injury to horse, riders, the Junior or others should not be disregarded. At one time or another, all of us have fallen, or been dumped, been stepped on or kicked, and sometimes even by our horses...

So, we must encourage and require that the signature our wonderful Juniors present is truly that of a parent or legal guardian. Please don't put us or yourselves at risk by providing a signature that does not really belong to your parent/s or legal guardian, or sign "for them". Ride Managers must be hyper vigilant in accepting entries from Juniors not accompanied by a parent. And the last thing they want to do is ruin your weekend because you failed to take these simple steps.

It is an increasingly electronic world, and Elinore and others and the Board are looking at and working on ways to make all of this easier, but until those changes are actually in place, this is the way it must be.

Thanks you all and ride well and safely.

Elinore Tonsor and Art Priesz Jr

Attention all UMECRA members!
Make sure you check UMECRA.com for any last minute ride changes. Ride times, locations and events can change from the original flyers. When in doubt, contact the ride managers for additional information if needed.

******Iron Oak – Iron Oak – Iron Oak******

The Iron Oak Ride will be sadly different this year, as we will all be missing Co-Ride Manager Tim Casserly. However, there will be an opportunity for the UMECRA family to honor his memory on Friday evening, October 7th.

We will gather at 6:30 pm on Friday to share delivered pizza and stories about Tim. Please BYO beverage, chair and Tim story. Also, a

donation of \$5 for the pizza would be appreciated, but is certainly optional. This time of tribute will no doubt be full of tears and laughter, a chance for those who so desire to

fondly remember someone so integral to our competition weekends.

The dinner gathering will be preceded by a Riders' Meeting at 6 pm. The veterinarians will be on hand to vet in horses prior to the Riders' Meeting meeting and again early the next morning.

RUN FOR THE RIDGE UPDATE!!!! There are some issues with the trails and the campground this year at Fort Ridgely...the bridge at the campground won't be finished until November, and the south bridge that connects the southern trail is in need of repairs. SO...we are changing the location for Run For The Ridge this year to the same place as Run For The Cactus: The Upper Sioux Agency State Park near Granite Falls.

Outdoor Storage of Round Bales....

There are a number of storage techniques that minimize outdoor storage loss of round-bales, which can range between 5 and 35% depending on the amount of precipitation, location, and original condition of the bale. Make/buy a dense bale as they will sag less and have less surface area in contact with the ground. A dense surface layer will shed more precipitation and protect the bale from weathering. Use plastic wrap, net wrap or plastic twine. Net wrapped bales reduced grass hay dry matter losses by 32% compared with twine bales stored outside. Plastic twine will resist weathering, insects and rodents better than natural fiber twines. Twine should be wound tight and spaced 6 to 10 inches apart for best bale storage.

Store bales on a well drained location. Bales soak up moisture if placed on a wet or poorly-drained site. A well drained, four to six inch coarse rock base will minimize bottom spoilage, as well as using wooden pallets. Finally, never store bales under trees. It is highly recommended that bales stacked outside have some type of temporary cover placed over them (i.e. a tarp) for the total duration of the storage period. Storage losses are usually reduced by approximately two-thirds with indoor storage and by one-half with good plastic covering (i.e. a tarp) when stored outdoors.
