

# UPPER MIDWEST ENDURANCE AND COMPETITIVE RIDES ASSOCIATION

## From the Editor

Hi Everyone,

I hope this newsletter arrives with you and yours doing well & healthy. The Plan Your Next Ride sections contains the cancellations & reschedules that are current at the time of publishing. I have updated the Virtual Endurance Challenges section with some new ones that have been created. This issue even contains some ride results. Yay!

I hope everyone has a Safe and Healthy ride season.

Sincerely,

**Brenna Starch**

### AERC TERMS for SANCTIONING REINSTATEMENT

- 1) The State/locality where the ride is to be held must allow 50 or more people at a gathering (this number includes ride management, vets, support crews, etc.)
- 2) The State/locality must allow recreational events.
- 3) You must show proof of permission to hold your event from the County Commissioner/Health Dept.
- 4) Proof of land use permit.
- 5) No stay at home restrictions within the State/County.
- 6) Ride Managers must provide a Covid-19 Prevention Plan.
- 7) The RM is responsible for submission of the above documentation to AERC at least two weeks in advance of the ride date. Ride approvals will be made by committee within 48 hrs. of receiving information.

### \*IMPORTANT REMINDER\*

#### Setting Ride Times

I've been asked to remind Ride Managers that when figuring out ride times for Competitive Trail rides that they remember to use the parameters set under our Competitive Rules:

**2. Management Requirements A.** The maximum riding speed shall average 5.5 to 7 miles per hour. Determining ride times using these guidelines assures uniform ride times across UMECRA rides avoiding large discrepancies from one ride to another.

Jon Wagner, UMECRA President

Just a quick reminder and heads-up to Ride Managers to be sure and ask riders to show you their current AERC membership cards. This is especially true if you don't know the rider or if it is someone who hasn't attended your ride in the last year or two. There have been a few reports this ride season of non-AERC riders forgetting to pay the \$15 "Day Member" fee. As a Ride Manager, you are ultimately responsible to pay all fees including those non-AERC member fees. Avoid the hassle of trying to track down those people after your ride is over to collect day member fees and ask for proof of AERC membership when initially registering riders.

### Herd Health and COVID-19

A quick note about horse and human herd health. First horse herd health, just a reminder that it is vaccine season and we need to still be vigilant about making sure our horses are vaccinated for at least the core vaccines. This includes Eastern and Western Encephalitis, West Nile Virus, Tetanus and Rabies. These diseases are almost always fatal in horses. The last time we had economic uncertainty during the recession in 2009 we saw a large increase in the number of horses contracting Eastern Encephalitis because people were skipping vaccines. It's easy to think that you can just skip one year or do it later but I would strongly encourage you to stick with your "normal" vaccine routine for your horses. If you have questions about which vaccines or when to vaccinate you should contact your regular veterinarian.

When we return to rides, we need to keep in mind human herd health as well. It is almost certain that COVID will not fully go away and as we try to get back to a new normal, we should plan on maintaining social distancing guidelines of 6 feet for quite some time. At ride events this means please don't crowd the vet box or your gear at camp. We will all need to be mindful of people's space and taking turns. I have confidence we will all be camping and riding this summer at some point so please take the time to plan now how best to maintain your horses herd health as well as your own at rides.

Dr. Jennifer Lorenz, DVM

## Rider and Horse Numbers are Important

UMECRA tracks the points and mileage for horses and riders via individual numbers. Each person is assigned a number when you become a member for the first time, and this becomes your permanent number. If you also have an AERC number, we ask that you please check your online record and if we don't have that on file please notify either Robin Schadt or Nicole Mauser-Storer. If both numbers are on record you can register at any UMECRA ride using either your AERC or your UMECRA rider number, the two will cross reference and you will always receive points and credit for your ride. To find the information please look at UMECRA.com, hover over the "Results" button and select "Rider Numbers". From there enter any part of your first or last name to search and see what we have on file – including your membership date for the current ride season.

Horse numbers are also critical. There are many people in the history of UMECRA who have ridden "Spot" or "Blaze" and to make sure your "Spot" gets proper credit for miles the only way to do that is for each horse to have a number. If your horse has an AERC number UMECRA uses that number so you only have to remember one number, but you do have to tell us that your horse has a number. We do not automatically receive information from AERC. If you don't have an AERC number for your horse we will assign a UMECRA number, you just ask either Robin Schadt or Nicole Mauser-Storer. If you have a UMECRA number and later get an AERC number, much like with the rider numbers we add the AERC number to the horse's record and you can then enter using either number and your horse gets credit for all points and miles, but you have to tell us what that number is, we do not have a direct data connection to AERC. To see the information we have on file look at UMECRA.com, hover over the "Results" button and select "Horse Numbers". From there search on any part of the horse's name and see what comes up.

If you look at the points standings or a set of ride results all horse and rider names are links to that individual's history from what could be made electronically available. If you find your name in the points standings and the horse name is blank that means we don't have a horse number assigned for you.

## Virtual Endurance Rides & Challenges

With Covid-19 causing many rides to be cancelled, virtual rides are a great way to keep yourself motivated and keep your horse's conditioning on track. Virtual rides & challenges are much like virtual 5K (and other distance) races that have been around for a while. They usually just require registration and some mileage & time tracking.

Here are a few of the virtual rides available:

- **Warhorse 100 Mile Endurance Challenge**, hosted by Christina Hyke – [www.warhorseendurance.com](http://www.warhorseendurance.com)
  - Pony Express 1900 mile Challenge (4/12/2020 – 12/24/2027)
    - Registration is open
  - Ranger 100 Mile Challenge (7/4/2020 – 12/31/2020)
    - Registration opens on 7/4/2020
  - Valkyrie 100 Mile Challenge (6/10/2020 – 12/31/2020)
- **The Covid Derby 1000 KM Horse Race**, hosted by Devan Horn, Contact: [covidderbby1000@yahoo.com](mailto:covidderbby1000@yahoo.com)
  - This ride can be done in teams and on multiple horses.
  - <https://www.facebook.com/covidderbby1000k/>
- **The Chief Joseph 100 Mile Challenge**,  
<https://runsignup.com/Race/ID/Anywhere/ChiefJoseph100MileChallenge?remMeAttempt&fbclid=IwAR1SLgcr09cRKDtU4MqpG8rB19fJghZqcJMASYHHQ2TqhSvzSOzSxANP-FE>
  - (7/20/2020 – 12/31/2020)
  - “The 2020 Chief Joseph Trail Ride was canceled thanks to COVID. We would have returned to Musselshell Meadow in August, where we ended in 2019, and ridden on to Lolo Pass, Lolo Trail and Motorway, Clearwater National Forest, Packers Meadows to Wendover Camp. Traditionally we cover approx. 100 miles of the Chief Joseph Trail each year. Since we can't ride it physically, we CAN ride it virtually. And we have the Appaloosa Horse Club's blessing as we keep this ride alive in 2020...”
  - This event is a test run for a VIRTUAL 1300 Mile Challenge on Chief Joseph trail in the future. We have a LOT of details to work out so it can benefit future Chief Joseph Rides.
- **Tevis Cup 100 Mile Virtual – 100 Miles in 100 Days**
  - 8/1/2020 – 11/9/2020
  - <https://runsignup.com/Race/CA/Auburn/TevisCupVirtualRide2020?fbclid=IwAR25PsFKT82kLeshiMUdYgwGVic7HJlxDWx3mL-GP4L9iNV7IRPzPWJmmDw>
  - “The Tevis Cup Ride is the founding modern-day equestrian event of its kind in the world. It is seen by many as the pinnacle of the sport of equestrian endurance and is a "bucket list" item for many riders. The magic of the trail is strong and special, and like a siren calls those to come and take on its challenge. Therein lies the essence of the Tevis Cup Ride and the historic Western States Trail. Due to the COVID-19 Pandemic, the Western States Trail Foundation Board of Governors voted for the first time in history to cancel the annual Tevis Cup Ride. But we want to offer a way for our riders, crews, volunteers, supporters and lovers of the trail to still be able to participate. Thus the creation of this virtual event.  
You can complete the 100-miles in as many smaller excursions as you choose to finish the goal. We absolutely recommend NOT riding the 100-miles all at once unless you are participating at an actual sanctioned event with veterinary controls. As you log your completed miles, you will receive updates of where you now are on OUR historic Western States Trail.”
