

UPPER MIDWEST ENDURANCE AND COMPETITIVE RIDES ASSOCIATION

From the President

I certainly hope everyone is getting a chance to get out and ride this fall. We just finished managing the Colorama Classic Ride and the weather could not have been better. Cool crisp mornings and perfect temps for riding during the day and evening with beautiful fall colors as a bonus. This has got to be one of the best times of the year to ride in the Mid-West!

As an RM of a recent ride, I'd like to commend all of the people who attended our ride for adhering to the Covid-19 plan and hope that what we experienced at our ride is also happening at other rides. Creating a virus mitigation plan for a ride is a lot of extra work for ride management. Having everyone be so supportive and respectful of the special restrictions/limitations was encouraging and seemed to indicate that as a whole, everyone appreciates the extra effort that RM's are putting into creating those plans for holding a safe ride. Again, thank you all for following through on those plans. It is very important that we continue to do so to protect our future rides.

Speaking of the future, it is time for all of us in UMECRA to begin thinking about what we want and will eventually need to do about this season's convention and our 2021 annual meeting. Our organizational by-laws require that we hold an annual meeting each year and that an "Election of the Board of Directors and Officers and other general business shall be transacted at such meeting". While not required by the by-laws, having a convention that provides an opportunity to learn from others and to celebrate the various accomplishments of our members, riders and equines, has been a natural and important extension of these annual meetings.

Just like the ride season, the virus and its consequences are going to have a huge impact on what we may actually be able to do for both events. While some of the legal limitations on the size of groups has eased a bit, there are still real concerns about making the personal decision to attend a gathering of such a large group meeting like our typical convention and annual meetings. This is compounded by the continuing concern of the virus becoming more infectious as we move indoors because of the colder weather. Once again, the uncertainty of this situation will make for some tough decisions, both as individuals and as an organization.

UMECRA's Board of Directors will continue to work using its group e-mail account to get as much of its business done as possible between now and its regularly scheduled meeting in November. During this time, the board will need to determine if it will be feasible to hold a convention. Determining how to hold an annual meeting presents another unique set of challenges for the board and will undoubtedly require some creative thinking and flexibility on the part of us all. There may need to be some temporary adjustments made to our current by-laws in order to complete the necessary business of UMECRA for 2021. Now, more than ever, it is extremely important for all members of UMECRA, particularly ride managers, to work with the Board of Directors in finding solutions to these challenges.

As we finish up the last months of this ride season, please pass your ideas and thoughts to members of the board or directly to me. With your help, and a lot of hard work, we made it through one challenge and were able to provide what's turned out to be a pretty decent ride season. The same hard work, sharing of ideas, flexibility and patience will get us through these next set of tough decisions regarding our convention and annual meeting.

Jon Wagner – UMECRA President

!!! Rider and Horse Numbers are Important!!!

UMECRA tracks the points and mileage for horses and riders via individual numbers. Each person is assigned a number when you become a member for the first time, and this becomes your permanent number. If you also have an AERC number, we ask that you please check your online record and if we don't have that on file please notify either Robin Schadt or Nicole Mauser-Storer. If both numbers are on record you can register at any UMECRA ride using either your AERC or your UMECRA rider number, the two will cross reference and you will always receive points and credit for your ride. To find the information please look at UMECRA.com, hover over the "Results" button and select "Rider Numbers". From there enter any part of your first or last name to search and see what we have on file – including your membership date for the current ride season.

Horse numbers are also critical. There are many people in the history of UMECRA who have ridden "Spot" or "Blaze" and to make sure your "Spot" gets proper credit for miles the only way to do that is for each horse to have a number. If your horse has an AERC number UMECRA uses that number so you only have to remember one number, but you do have to tell us that your horse has a number. We do not automatically receive information from AERC. If you don't have an AERC number for your horse we will assign a UMECRA number, you just ask either Robin Schadt or Nicole Mauser-Storer. If you have a UMECRA number and later get an AERC number, much like with the rider numbers we add the AERC number to the horse's record and you can then enter using either number and your horse gets credit for all points and miles, but you have to tell us what that number is, we do not have a direct data connection to AERC. To see the information we have on file look at UMECRA.com, hover over the "Results" button and select "Horse Numbers". From there search on any part of the horse's name and see what comes up.

If you look at the points standings or a set of ride results all horse and rider names are links to that individual's history from what could be made electronically available. If you find your name in the points standings and the horse name is blank that means we don't have a horse number assigned for you.

OPEN POSTIONS for 2021

UMECRA is looking for individuals who may be interested in volunteering for either the position of **Sanctioning Coordinator** or **Points Keeper**. These positions are two-year appointments made by the Board of Directors at the boards November meeting.

The Points Keeper keeps track of season rider points and division standings and provides them to the Newsletter Editor for publication. They are also responsible for keeping track of horse and rider mileages seasonally and for life-time records. The Points Keeper also manages the record-keeping related to awards for the ride season.

The Sanctioning Coordinator works with the AERC Sanctioning Director to sanction and coordinate rides. The duties of the Sanctioning Coordinator include; facilitation of sanctioning requests and correspondence between the Board, ride managers, and the membership. The Sanctioning Coordinator also organizes and communicates/publishes the ride schedule and coordinates the publication of the annual UMECRA Ride Book.

For more information or to let us know of your interest in either position, please contact UMECRA's President, Jon Wagner at jwagner288@wi.rr.com or call him directly at; 920-342-0958.
