

NS SUR GARIS

{GARIS X PRUDENCE}

NS Sur Garis is known around camp as Baron or Barry, on the trail many of you may know him as "The Jerk". Never a pleasure to be around, but it all has to do with a huge heart and a true competitor.

NS Sur Garis achieved the honor of being in this 1000 Mile Book in 1986 by successfully competing in both Competitive and Endurance. In 1986 he placed in the UMECRA Endurance Top Ten with one 1st, four 2nds, and two 4ths and won the Equine Research Triple Crown. He has gone on from 1986 to compete in Endurance and an occasional Competitive ride, and as I write this, he has logged 1410 miles. Since 1986 he has never placed below third in his class, be it Endurance or Competitive, and only twice in his career has he been unable to complete a ride. All this from a horse that the pre-purchase exam Vet felt "would only hold up for an occasional pleasure ride and could never compete in any competition".

Plan on seeing NS Sur Garis in the 2000 Mile book if his disposition does not get him in serious trouble in the next 590 miles.
