

Prince Mirzaz was purchased in 1985 as a five year old stallion. Gray in color and standing 14.3 hands. Prince was born in California and sold in Illinois around three months of age. I, Jeff Dettbarn purchased Prince as a five year old stallion and he was gelded three days later.

Due to his high spirit and his never ending love to run, Prince was destined to be an endurance horse, And he was.

In 1985 he missed the Top Ten by one point in Competitive Riding. In 1986 Prince was ridden Endurance and placed 5th in UMECRA, Top Six in AHDRA, and in the Top 25 AERC. Prince is qualified for the Purina Race of Champions, and received registration forms for the 1986 Olympic Team.

Prince has completed 1,200 miles as of 1986, but due to my job we were unable to race over the past five years.

Prince has a daughter Princesita Bay who just completed in the Top Ten in 1991 in Competitive Riding ridden by Jr. Mary Goings.

Prince Mirzaz has just recently been purchased by his previous owners, whom I purchased him from. Jerry and Sylvia Spykerman plan on racing Prince Mirzaz and his daughter Princesita Bay in the 1992 season.
