

RUSHCREEK FAWN

(Rushcreek Cody x Rushcreek Bridget)

Arabian #75960 5/17/71

We purchased Fawn from the Rushcreek Land & Cattle Company in 1978. She was culled from the mare band after eight years on the range. Breaking a range horse was a new experience, and challenge, however we started competing in July. That year she proved her strength and attitude by placing Top Ten in the International Arabian Competitive Ride in Iowa and Top Ten in UMECRA.

Fawn loves the sport almost as much as I do and has given her all: UMECRA Heavyweight Champion in 1979 and 1982, and Top Ten International Arabian Competitive in Canada in 1982. In 1981 we had the thrill of completing our first 100 mile endurance ride and winning the heavy-weight division. We also placed in the UMECRA Top Six Endurance and the AERC Midwest Regional Top Ten in 1981.
