8-88 Diagnosis: LYMES.

S. A. FLEETWOOD

Purebred Arabian # 021034
Sire: Harmachis Dam: Cherica
EHRA: # 1860 1595 Miles

Fleetwood is the type of horse
most people wait a lifetime to
acquire. Big, bold, flashy, big
heart and tremendous bone!!

He loves people. His desire to
please is unending. When the
competition gets tough, he gets
tougher! His race is the 100
miler.

He's looked at death many times
But he's a survivor. It's just
made him tougher.

Fleetwood's an easy keeper, he
looks at food and gains weight.
It's a constant battle to keep
him under 1000 lbs.

As he approaches his 9th year,
and his health remains good,
we'll continue to chalk up the
miles. Maybe even let him run!!
