ATTENTION COLLEGE BOUND AND COLLEGE ENROLLED STUDENTS

Applications are now being accepted through Friday, November 16, 2018 for scholarships for post high school educational opportunities. Applicants must have at least two years' membership in the Upper Midwest Endurance and Competitive Trail Association. The applicants must have participated in at least 25 rides sponsored by UMECRA and intend to study in at least a two-year program.

Former Wisconsin members Ray and Audrey Gehrig established this scholarship in 1996. Additional tax deductible contributions are welcome from anyone at any time. Many UMECRA members have made charitable contributions to support this scholarship fund in the past. We encourage members to continue to add memorial gifts and honorariums to the fund to support this worthy scholarship for youth and others returning to school.

From [Angie Orr Mikkelson](#) and [Claudia Caudill](#) – your AERC reps:

As your regional directors, they would like to hear from you concerning the Motion that will be on the AERC agenda in November.

Motion Name Suspension of AERC/USEF endurance affiliate Agreement

Proposing Committee Executive Committee

Date of Motion November 12, 2018

Classification of Motion Request (new, change, add, delete, by-law, rule, policy)

Proposed Motion (use exact wording)

AERC to suspend the AERC/USEF endurance affiliate agreement effective 12/1/18.

Background, analysis and benefit (describe the problem this motion is solving)

The AERC Executive Committee sent a letter on 9/27/18 to Bill Moroney, CEO of USEF, with specific requests that we believe were within the scope of authority and capabilities of USEF. The first request was USEF would immediately withdraw all their funding from FEI endurance outside of the US and concentrate only on US endurance. It was our hope that if USEF agreed to this request that FEI would recognize the seriousness of the situation without greatly impacting our AERC members whom aspire to participate in the international level of endurance riding within the US. The second request was that USEF would take our concerns, petition, and suggestion of a separation from extreme flat track endurance racing to FEI. An e-mail was received in a timely manner from Bill Moroney

stating that he had read the letter but was out of the town on business and would respond once he returned. Mr. Murray Kessler, USEF President, and Mr. Moroney have been in phone contact with AERC President, Paul Latiolais over the past week. Mr. Moroney said he was going to wait for the report from the WEG investigation to see what action FEI is going to take before making any decisions. He would then like to have some "town hall" meetings to discuss endurance and how to move forward within USEF. While the Executive Committee appreciates his willingness to discuss the situation farther we agreed that the response was inadequate in that the issues were not going to be addressed in the timely fashion as we have requested. It is the committee's decision to make this motion to the board to suspend the affiliate agreement between AERC and USEF until USEF is willing to support AERC's core values with action. We are asking that AERC and USEF keep communication open between the two organizations in hopes that an agreeable reconciliation may be accomplished.

It is also in the best interest of AERC to request that USEF continue working with AERC in our drug testing program and to continue to help with the implementation and training with the Safe Sport Act.

Budget effect/impact (Attach spreadsheet if appropriate)

Possible lack of riders to some largely attended FEI/AERC rides could result in less rider fees.

Benefit and/or Impact to Membership and/or the AERC Organization

AERC International Competitors may not have an outlet in the United State for International Competition Qualification rides until USEF establishes another National Endurance Affiliate or other allowances for qualifications. A new National Endurance Affiliate could impact the AERC Ride Schedule in a negative way by being a competing organization for endurance riders.

Implementation plan (Schedule, resources, financial)
Notify USEF and AERC-I. Work with USEF towards an agreeable separation where we can communicate our horse welfare concerns and still work together on issues such as the AERC Drug Testing program and the implantation of the Safe Sport Act. Suspend affiliation on 12/1/18. Write an article for Endurance News explaining the suspension and what it means to AERC members. **Please contact your AERC reps at:**
